Why No Phones or Music.

MOVE is designed specifically to take students out of their element and away from everyday distractions. That’s why we are gone for a week, in a different state, focusing everything on worship, Truth and relationships. The average teenager sends 100 texts a day and is “connected” through their phones constantly. It’s no wonder we don’t often hear the voice of God in our lives.

MOVE is a chance to reverse this. We are fasting from music and phones for a week. If there’s an emergency or you or your student would simply like to check in with one another, Sam’s or any other leader’s phone will be available for this.
