

FIRST STUDENT MINISTRY has a program for committed students in 6th-12th grade. Our vision is for these students to be **embodying the values of our ministry by welcoming, connecting, and serving others.**

These students are committed to growing in their faith, as well as serving and loving others like Jesus. Student leaders are highly involved in **making FSM feel like home** to all students. Students also participate in different leadership trainings throughout the year, which include a weekend development retreat, monthly training sessions, and meeting with an adult mentor.

To be considered for student leadership, students must complete an application, as well as seek out an adult, non-parent mentor who can help guide them in their spiritual growth as young leaders.

All students in 9th-12th grade that have been actively involved in our ministry for the past year are welcome to complete an application for the program. Students must be currently actively involved in **FSM** to be considered. Students in 7th and 8th grade must be invited to apply to the program. It is *encouraged* that all students interested speak to **Justin or an adult leader** when deciding to apply for the program.

Student leadership runs **January-May** this year. In **2021** we will typically meet the **first Monday** of every month from **6:30-7:30**. All forms, signatures, and money are due on or before **February 5th**. Late sign-ups or incomplete applications will not be accepted. No exceptions.
