OVERVIEW

In this Christmas series called Shake It Up, students will learn how the joy Jesus brought to the world shook things up. For many middle schoolers, joy is hard to come by, both at Christmas and beyond. It's important to acknowledge the circumstances they're in and the feelings they feel while also pointing them to the truth that joy is different than happiness. Joy is lasting, deep, and consistent because of Jesus. So, no matter our circumstances, we can always find joy.
